Project Feedback

Process

1. You originally described your project in the following terms: [auto-filled from application]
2. Please describe realized outcomes from your efforts. For example, what in the community has changed? How has the community benefited? Include any data you have that would provide a measurable indicator of your success. (150 words or less)
3. Please attach a final grant budget report and narrative specific to the funds received from the Foundation. This should include your original budget and actual allocation and clearly identify any unused grant funds. (You may attach up to 2 documents below)

Metrics and Outcomes

4. You cited that this number of people will be reached through your program: [auto-populated from application]
5. In total, how many participants have you reached specifically through the grant-funded program? Please provide context for the number you have selected and how this relates to your original goal. (150 words or less)

6. In total, how many participants have successfully achieved your primary metric? Please provide context for your answer, including how your metrics were evaluated and how they compare to your established baseline. (150 words or less)
7. How many participants successfully achieved your secondary metric(s) and/or additional organization metrics? Please provide context for the number you have provided. (150 words or less)
8. Consider the number of participants who successfully achieved your primary metric and how much that success has positively impacted your grant objective. How would you rank your overall primary success?
 - Achieved HIGH success
 - Achieved MODERATE success
 - Achieved LOW success

Social Determinants of Health

9. Please explain how your efforts impacted the social determinant(s) you selected in the application.
10. At the ending period of your grant, please outline the final breakdown of your participant demographics.

Health Equity

11. At this ending period of your grant, how has your progress with program implementation advanced health equity for communities of color and the most socially vulnerable? (150 words or less)
12. How has your progress with program implementation broken down barriers and bridged equity gaps for communities of color and the most socially vulnerable? (150 words or less)
13. Relative to the total number of participants reached through this grant, please provide a final project demographic breakdown by percentile:
 - a. Black/African American [entry field]
 - b. Hispanic/Latino [entry field]
 - c. American Indian/Alaska Native [entry field]
 - d. Asian/Pacific Islander [entry field]
 - e. Caucasian [entry field]
 - f. Multiple/other [entry field]
14. If your grant-funded program supported other specific diversity initiatives, please confirm below and provide context for the group/s you selected: (150 words or less)
 - a. LGBTQ+
 - b. Individuals with disabilities
 - c. Women
 - d. Military service/veterans
 - e. Rural communities

Communications and Awareness

15. Please attach a final Communications report recapping the ways this grant was publicized. Please include links of all media coverage of our funding support, screenshots or links to collateral or digital assets where our logo was included, etc.
16. Please share any outstanding success stories from participants of this grant-funded program. (Please note that we might choose to feature these stories but will ask permission first. Names do not need to be included.) (150 words or less)
17. You may include a digital photo album link to showcase the work of this grant. You can also email up to (3) jpeg images to foundation@elevancehealth.com (Please only send photos that Elevance Health Foundation and our local subsidiaries are allowed to use in our communications.)
18. Did you complete all of the communications deliverables outlined in the LOA? If not, please explain.
